

Why Choose Centurion

MV Centurion offers a new and exciting value for money experience. A fishing trip to the outer Barrier Reef visiting new and exciting, little fished reefs ranging from Townsville to south of Mackay. Also the hardline reefs and the northern sector of the Swain Reefs, also the Townsville region and the Far North.

MV Centurion is a large 24 meter [80foot] cruise vessel built for extended charters with the comfort and fishing pleasure of our guests a priority. The vessel is luxurious in its ability to make a guest feel contented and at home. The vessel is air conditioned throughout, operating 24 hours a day.

Our highly trained and professional crew are there to make your stay and trip memorable and exciting. We have a state of the art entertainment system in our large saloon, which seats all our guests to eat and socialize at one time.

MV Centurion has three levels so our guests will never feel crowded, with areas to get out of the sun or rain. All cabins Have 240V outlets and reading lights with large beds with comfortable mattresses. The vessel has six shower / toilets, so no waiting. You will not leave Centurion feeling like you have been in a small boat, but like you have just stayed in a 4 star floating lodge.

If you wish to make your visit to the Great Barrier Reef a trip to remember, then do not trust your fishing trip to anyone else but CENTURION.. Quality will be remembered long after the price is forgotten. Feel free to compare our price, quality and facilities with any other operator and discover the excellence that is Centurion. We have the best vessel, the best crew, the best food, the best of everything, all we need is the fisherman, that's where you come in.

Do not delay ring us now, we guarantee you will not regret the Centurion experience.
